

WEEK 2 - 30.03.2020 - Home Learning - suggested timetable:

This is just a suggested, you can change the timetable around depending on your own routine. The lessons Maths and English are designed to be around 40-60 minute tasks. Do not feel that you need to stick to this timetable religiously, it is just there to offer some structure.

I would recommend using the lunch slot to go outside for daily exercise, as well as the Joe Wicks P.E. lessons. The house chores straight after lunch could lend itself to encouraging the children to learn new skills such as gardening. I have had Oliver gardening, washing my car, washing up, and hanging out washing last week, and as it was part of his daily plan he didn't moan once.

If you need any help with any of the work, please just send me a seesaw message. I will try to get back to you as quickly as possible, and where necessary I will create video's to support with learning.

All the instructions and links for activities are listed below. Hopefully this will be a better way to access work and follow instructions. Although the school day runs until 3:30, I have put on activities that go up to 4:00.

I have added two 'seesaw daily message' slot. This is where the children can upload any pictures of work, or just send me a daily message to say how they are getting on, or what they have been up to. Parents, feel free to message too to let me know how everything is going. Consider me an extra pair of ears to talk to!

Also on seesaw I have added a blog. This is an opportunity for children to share their work for their classmates to see. They can comment on one another's work and is a great opportunity to see one another's experiences at home, learning, and to communicate.

<p>Get dressed, breakfast, teeth Make sure you are prepared for the day. Take a look at the days tasks and pick out one that you are most looking forward to!</p>				
<p>Joe Wicks P.E. lesson (youtube) Type in 'Joe Wicks P.E. lessons' on youtube and look for the daily P.E. lessons starting at 9:00am each day, a great way to start the day.</p>				
<p>Corbett maths - daily tasks: Complete the activity that matches today's date https://corbettmathsprimary.com/5-a-day/</p>				
<p>Monday Maths Reading analogue clocks to five minute intervals. -Use Monday maths worksheet (for support, follow the link below)</p>	<p>Tuesday Maths Working between digital and analogue clocks: -Use Tuesday maths worksheet</p>	<p>Wednesday Maths Converting units of time: Use Wednesday Maths Worksheet</p>	<p>Thursday Maths Use Thursday Maths Worksheet and have a go at the creative challenge for others to complete.</p>	<p>Friday Maths Use arithmetic test 6 worksheet, and use Friday Times table grids worksheet.</p>
<p>Drink, fruit snack, seesaw daily message Use this as a chance to upload any work, or send me a message to let me know how you are getting on.</p>				
<p>David Walliams audio book - Listen to the 15-20 minute audio clips. Give each book a rating out of 5 https://www.worldofdavidwalliams.com/elevenses/</p>				
<p>Monday English For this week, use the document titled: April fools day comprehension. Complete page 1 and 2 of document.</p>	<p>Tuesday English Use page 3 of April fools day comprehension text, plan and write a speech for or against April fools day.</p>	<p>Wednesday English Use page 5 of April fools day comprehension to plan a set of instructions, and page 4 to help you write instructions for an April fools prank.</p>	<p>Thursday English Read the short story April fools on us. Plan your own April fools 'gone wrong' story.</p>	<p>Friday English Write your own April fools story. Think about: -adverbial starters -subordinate clauses -past tense -first person -use of speech</p>
<p>Lunch Could you use this time as your daily outdoors time? Go for a walk, a bike ride, a jog, play in the garden. *Make sure you follow government guidelines and keep your distance from others when you are out.</p>				
<p>House chores Time to help out and learn new skills. You are spending lots of time at home, so make sure it is clean, tidy and safe. Try gardening, washing cars, washing up, hanging up washing, hoovering, dusting!</p>				
<p>Topic related tasks: Use document titled: Topic tasks 30.03.2020 <u>Topic task 1:</u> Science - watch the videos from the links in the document and then create a poster that shows evolution. <u>Topic task 2:</u> Create your own mini garden.</p>		<p>Creative tasks: Use document titled: Creative tasks 30.03.2020 <u>Creative task 1:</u> Create a fitness video, inspired by Joe Wicks, and share the video on seesaw. <u>Creative task 2:</u> Create a musical instrument and play a tune. You can upload a video or picture on seesaw to share with your friends.</p>		<p>Personal choice This is your chance to try anything related to our topic that looks fun! Be creative, and please upload a picture to seesaw as we'd love to share our work.</p>
<p>Personal Practical task You could be working on a D.T. project, practise baking/ cooking meals, learning to dance, practising a musical instrument, working on art skills, learning a new language, doing yoga, making a video diary each day, making a video teaching skills, building lego models, knitting/ sewing,</p>				
<p>Seesaw daily message Let me know how your day has been, what you have enjoyed, what personal practical skill you are working on, upload pics of your work or activities from your day. Keep in touch.</p>				
<p>Calm Time Reading This is an opportunity to get stuck in to your reading book, or a series of books you are working through. Find a quiet space, make a reading den, grab a drink and relax with a book.</p>				
<p>Relax, communicate, switch off You could ring/ video call a member of your family or a friend to catch up. You could have some well-deserved screen time, you could go out in the garden, play board/card games with a sibling, help cook your evening meal.</p>
