your pictures and colourings showing your appreciation, I would like you to thank someone who you believe would not often be recognised for their hard work.

Ka and how did he end up as a stone cat?

Topic

- Labelling a River

You have already created your own river, which looked really good! However, some aspects were missing... Research more about rivers and find out what these key words mean: **tributary, confluence, estuary, meander, mouth, source, main channel, waterfall**. Your task is to draw/print a picture of a river and label it using the key words above.

- Create Your Own Egyptian God/Goddess

These are some famous Gods/Goddesses that the Ancient Egyptians believed in. As you can see, they often present as human bodies with the head of an animal. Each God/Goddess also has a job. Can you design/draw your own Ancient Egyptian God/Goddess? Don't forget to name it and explain what job it has!

- Create an Obstacle Course

Taking inspiration from Jacob, your task is to create your own obstacle course for not only yourself to complete, but your family members too! Use whatever equipment you have at home that can create a challenge for anyone. Your obstacle course can be set up outside in the garden or inside your house. Who can complete it in the fastest time in your household? Don't forget to upload videos and photos to Seesaw!
