

SCHOOL STATEMENT ON THE WEARING OF FACE MASKS IN SCHOOL

There is currently a lot of discussion in the media and conflicting advice regarding the wearing of face masks in schools. However, the government has only recommended the use of masks in high schools following the World Health Organisation and UNICEF advice that masks should be worn by children over the age of 11. The advice for primary schools is that children should not wear masks in school. This will continue to be our policy and we thank you for your support with this by not sending your child to school with a mask. All other social distancing and hygiene measures recommended will be in place for both the children and adults in school.

Mr Alun Davies
